Paragraph 4 - Students not resident in Italy

1. Income and assets

Students whose families do not reside on Italian territory and who have income and assets produced outside the same Italian territory, in compliance with the discipline on self-certification, must declare on application:

   a. total income received abroad in 2019 (income is valued on the basis of permanent *parity and expressed in euros);

   b. assets held abroad as at 31/12/2019 (real estate is considered only if built, on the basis of the conventional value of € 500.00 per square metre - movable assets are valued on the basis of permanent *parity and expressed in euros);

   c. the number of members of the household.

In addition, these students must attach to the scholarship application the documentation certifying the above mentioned family, economic and patrimonial conditions, issued by the competent Authority for the territory of the country in which the family resides, in which the income and assets are held. The aforementioned documentation must be translated into Italian, legalized or apostilled, in accordance with current regulations, and attached to the scholarship application, under penalty of exclusion, by the deadline for the application submission referred to in Article 12, paragraph 1, of this notice. In the case of countries where there are particular difficulties in issuing the certification attested by the local Italian Embassy, the documentation may be replaced by a certificate in Italian issued by the Embassy or Consulate in Italy of the country of origin, legalized by the Prefecture responsible for the territory.

In any case, the above mentioned documentation must certify:

   - the composition of the household;

   - the activity carried out by each member of the household in 2019, including siblings of full age. In cases where some members do not exercise any activity, the non-employment status or state of unemployment and the amount of unemployment benefit or similar received, if any, must be documented;

   - the period of employment of each member (indicating whether it is less or more than six months during 2019);

   - the value of the income earned in 2019 by each individual member, including siblings of full age and other cohabiting relatives aged 18 years or over or, alternatively, by the total
household;
- an indication of the square metres of the dwelling house and any buildings owned in 2019; if the dwelling house is not owned, a declaration issued by the competent Authority must be attached to the declaration that no component of the nucleus is the owner of property;
- the amount of any remaining loan as at 31/12/2019 on the house and/or other properties;
- the value of the movable assets (e.g. bank account) of each individual member of the household owned or not as at 31/12/2019;
- any disability or handicap declared by the student must be attested by a certificate issued in the country of origin converted by the competent Italian ASL (Azienda Sanitaria Locale) indicating the percentage of disability.

Local values expressed in the original currency are converted into euros on the basis of the average exchange rate of foreign currencies for 2019 derived from institutional sources.

2. Particularly poor and developing countries

Foreign students from countries not belonging to the European Union, who are "particularly poor and developing", must produce a certificate from the Italian Representation in the country of origin certifying that the student does not belong to a family known to have a high income and a high social level - as per Ministerial Decree no. 464 of 11 June 2019 - (Afghanistan; Angola; Bangladesh; Benin; Bhutan; Burkina Faso; Burundi; Cambodia; Central African Rep.; Chad; Comoros; Congo Dem. Rep.; Djibouti; Eritrea; Ethiopia; Gambia; Guinea; Guinea Bissau; Haiti; Kiribati; Korea Dem. Rep.; Laos People's Democratic Republic; Lesotho; Liberia; Madagascar; Malawi; Mali; Mauritania; Mozambique; Myanmar; Nepal; Niger; Rwanda; Sao Tome & Principe; Senegal; Sierra Leone; Solomon Islands; Somalia; South Sudan; Sudan; Tanzania; Timor-Leste; Togo; Tuvalu; Uganda; Vanuatu; Yemen; Zambia; Zimbabwe).

3. Students required to present the ISEE calculation.

Students who do not have Italian citizenship and whose families reside on Italian territory and receive income and/or have assets in Italy, for the purpose of assessing the family economic condition, must submit the application in the same way as Italian students, then they must produce the ISEE. Students who have income and assets, partly in Italy and partly abroad, must declare
them when completing the DSU ("Dichiarazione Sostitutiva Unica") for the purposes of ISEE certification.

4. Statelessness and international protection

Students in possession of the status of stateless person, political refugee, asylum seeker, beneficiary of humanitarian or subsidiary protection, certified with a valid residence permit at the time of the application submission, are exempted from submitting statements issued by the Diplomatic Authorities of the country of origin. For these students, for the purposes of assessing the economic condition of the family unit, only the income and assets possibly held in Italy, recorded in the same way as for Italian students, are taken into account, therefore, they are required to submit the ISEE 2020 certificate. The students referred to in this paragraph must attach, under penalty of exclusion, by the deadline for the scholarship application submission:

   a) a copy of the valid residence permit showing the status in question;
   b) a copy of a valid passport or identity card or other identification document;
   c) the ISEE certificate valid for the benefits of the right to university studies a.y. 2020-21.

Students waiting to receive a residence permit, for whom the administrative or judicial procedure for obtaining international protection is in progress, are required to enclose with their scholarship application, under penalty of exclusion, by the deadline for the scholarship application submission, a copy of the application for protection forwarded to the Police Headquarters of the municipality where they reside or to the Border Police, as well as the provisional residence permit or equivalent issued by the Police Headquarters upon presentation of the relevant application. It should be noted that, for the students referred to in this paragraph, the possible payment of the money benefits is suspended because it is conditioned by the integration in the application of the residence permit attesting the status in question; benefits in services, however, provided immediately, even pending the condition mentioned above, will be subject to recovery in money in the event of failure to hand over the residence permit attesting the status.

5. Dual citizenship

Students with dual citizenship apply by choosing one of the two nationalities. If one of the two citizenships is Italian, the latter prevails.
