

# Francesco Catino

## Curriculum Vitae

Università del Salento (Italy)  
Dipartimento di Matematica e Fisica  
"Ennio De Giorgi"  
☎ +39 0832 297429  
✉ francesco.catino@unisalento.it

### Employment

- 1992 – pres. Associate Professor, University of Salento (Italy).
- 2016 – 2019 Member of *Research and Teaching Quality Committee* of University of Salento.
- 2001 – 2017 Member of Board of the Graduate Program in Mathematics of University of Salento.
- 2013 – 2016 Member of Board of the Graduate Program in Mathematics and Informatics of University of Salento/University of Basilicata.
- 2008 – 2015 Dean of Undergraduate Studies in Mathematics, University of Salento.
- 2000 – 2004 Dean of Undergraduate Studies in Mathematics, University of Salento.
- 1984 – 1992 Assistant Professor, University of Salento (Italy).

### Current Research Interests

The main focus of my research is to determine the set-theoretical solutions of the Yang-Baxter equation and the pentagon equation using appropriate algebraic structures, such as cycle sets, braces and their generalizations.

I am also interested to describe the regular subgroups of the affine group of a vector space.

Finally, one of my old interests, but always relevant to me, is the study of Lie's properties of a ring.

## Books

- F. Catino, F. de Giovanni, *Some Topics in The Theory of Groups with Finite Conjugacy Classes*, Aracne Editrice, Roma, (2015).

## Recent Talks

- *Generalized left semi-brace and the set-theoretic solutions of the Yang-Baxter equation*, Algebraic Tools for Solving the Yang-Baxter Equation, Oberwolfach, 10–16 November 2019
- *The set-theoretic solutions of the pentagon equation*, Noncommutative and non-associative structures, braces and applications, Il Gzira (Malta), 11–15 March 2018
- *Braces over a field and regular subgroups of the affine group*, Groups, Rings and the Yang-Baxter equation, Spa (Belgio), 18–24 June 2017
- *Groups and the Yang-Baxter equation*, A One-Day Group Theory Seminar, Napoli, March 15, 2016

## Postdoctoral students

- 2020 – pres. Marzia Mazzotta
- 2019 – 2020. Paola Stefanelli
- 2017 – 2018. Ilaria Colazzo
- 2016 – 2017 Paola Stefanelli
- 2006 – 2011 Ernesto Spinelli
- 2005 – 2007 Salvatore Siciliano

## PhD Students

- 2020 Marzia Mazzotta, *Recent developments of the set-theoretical solutions to the pentagon equation*
- 2019 Giuseppina Pinto, *On the indecomposable cycle sets and the Yang-Baxter equation*
- 2019 Marco Castelli, *The Retraction process of the left cycle sets and the Yang-Baxter equation*
- 2017 Ilaria Colazzo, *Left Semi-braces and the Yang-Baxter equation*
- 2015 Paola Stefanelli, *Braces and some related topics*
- 2014 Valerio Guido, *Gradings on  $e_6$*  (coadvisor C. Draper Fontanals)
- 2012 Roberto Rizzo, *On the structure of certain semiprime superalgebras with superinvolution* (coadvisor G. Lee)
- 2005 Ernesto Spinelli, *Lie properties of modular group algebras and restricted universal enveloping algebras*
- 2004 Salvatore Siciliano, *Struttura torale di un'algebra associativa*

## Service and Professional Activities

- 2020 – pres. Managing Editor of scientific journal *Note di Matematica*
- 2014 – pres. Member of Editorial Team of the book series *Quaderni di Matematica* - University of Salento
- 2012 – pres. Reviewer for Mathematical Reviews
- 1997 – 2019 Assistant Editor of scientific journal *Note di Matematica*
- 2006 – 2012 Editor for *Pure Mathematics and Applications* - section *Algebra and Theoretical Computer Science*
  - 6 editions Member of Scientific Committee for workshops *Advances in Group Theory and Applications*
  - 2 editions Member of the Steering Committee for summer schools *Advances in Group Theory and Applications - The School*
- Member of Scientific Committee for workshop *Naples 2015 Conference in Group Theory and its Applications*, Napoli 7-8 ottobre 2015.
- Member of Tenure and Promotion Committees for Associate and Assistant Professor.

Member of several Board of Examiners for the Doctoral Dissertations.  
Referee for various journals

## Teaching Activity

### PhD courses

- 2017 Algebraic Structures related to Yang-Baxter equation
- 2012 Introduction to quadratic form over fields
- 2004 Some Aspects of Associative Algebra Theory
- 2004 Lie Algebras
- 2003 Linear Methods in Nilpotents Groups
- 2003 Solvable Associative Algebras
- 2001 Representation Theory of Groups

### Courses for bachelor degree and master degree

- 2011 – 2020 Algebra I - course for bachelor degree
- 2003 – 2008 Algebra I - course for bachelor degree
- 2010 – 2020 Group Theory - course for master degree
- 2010 Algebra II - course for bachelor degree
- 2004 – 2005 Group Theory - course for master degree
- 2001 – 2002 Algebra II - course for bachelor degree
- 1991 – 2001 Algebra - course for bachelor degree
