### BREVE DESCRIZIONE DEL CORSO

During the course, attention will be focused: 1) on the structures of the Italian language (phonetics, morpho-syntax, lexicon-semantics); b) on short conversations on topics concerning every day situations of life and italian culture. We will focus on oral expression (speaking), writing, oral comprehension (listening), and reading. The aims are: a) to make students learn basic grammar italian structures; b) to make students able to use the grammar rules in speech, in real communication.

### PREREQUISITI

Knowledge of the structures of a language

### OBIETTIVI FORMATIVI

1. *Knowledge and understanding*: the student will have to acquire knowledge on the structures of the Italian language and on the use of different varieties in real situations.
2. *Ability to apply knowledge and understanding*: the student will be able to use the knowledge acquired in relation to the different contexts, in everyday communication..
3. *Making judgments*: the student will be able to evaluate independently the choices to be made.
4. *Communication skills*: the student will be able to communicate in different everyday life situations.
5. *Learning skills*: the student will develop skills that will allow him to reuse the knowledge acquired in other study courses.
